**ILLUMINA
IL TUO
MONDO**
ILLUMINATES YOUR WORLD

PASSIONE CHE ILLUMINA

Dalla visione dei fratelli Lucia, Enrico e Antonio è nata GEA LUCE. Un'azienda che da più di tre decenni opera nel mondo dell'illuminazione con l'obiettivo di coniugare estetica e innovazione nella progettazione di soluzioni per il lighting design. Nel tempo GEA LUCE è diventata un esempio di come la luce può diventare elemento fondamentale nella progettazione d'arredo, unendo stile, tecnologia ed elevate performance tecniche.

PASSION THAT ENLIGHTENS

From the vision of brothers Lucia, Enrico and Antonio, GEA LUCE was born. A company that has been operating in the lighting world for more than three decades with the aim of combining aesthetics and innovation in lighting design solutions. Over time, GEA LUCE has become an example of how light can become a fundamental element in furniture design, combining style, technology and high technical performance.

“Sebbene le tendenze si trasformino e nuovi materiali e tecnologie emergano, noi rimaniamo fedeli ad un’idea semplice ma fondamentale: realizzare luci che sappiano illuminare la vostra storia, valorizzare i vostri spazi e adattarsi al vostro modo di vivere, con un perfetto equilibrio tra stile e funzionalità.”

‘Although trends change and new materials and technologies emerge, we remain true to a simple but fundamental idea: to create lighting that can illuminate your history, enhance your spaces and adapt to the way you live, with a perfect balance of style and functionality.’

IMMAGINARE LA LUCE, CREARE IL FUTURO

Il nuovo catalogo DECORATIVE 2026 è il punto di arrivo di un viaggio fatto di passione, ricerca e dedizione, dove estetica, innovazione e funzionalità si incontrano per dare vita a qualcosa di unico. Tutte le proposte nascono da una visione in continua evoluzione, dove la luce non è solo uno strumento tecnico, ma un vero e proprio elemento di design capace di trasformare gli spazi. In queste pagine troverai soluzioni che parlano il linguaggio del colore, del ritmo e della forma.

Lampade da terra, lampada da soffitto, parete e da tavolo che diventano protagoniste, atmosfere che si costruiscono tra riflessi, geometrie e materia, per ambienti dal forte impatto visivo e sensoriale.

IMAGINING LIGHT, CREATING THE FUTURE

The new DECORATIVE 2026 catalogue is the culmination of a journey of passion, research and dedication, where aesthetics, innovation and functionality come together to create something unique. All proposals arise from a constantly evolving vision, where light is not just a technical tool, but a true design element capable of transforming spaces.

On these pages you will find solutions that speak the language of colour, rhythm and form. Floor, ceiling, wall and table lamps that become protagonists, atmospheres built through reflections, geometries and materials, to create environments with a strong visual and sensorial impact.

VISIONI DI LUCE CONTEMPORANE

La luce si afferma come elemento chiave nel design. Si modella con armonia e utilità, rispondendo alle necessità di un mondo che cambia velocemente. Il LED è l'anima delle nostre soluzioni, il motore che le rende possibili. Offre una resa luminosa elevata e un'efficienza energetica senza pari. Grazie al LED, diciamo addio agli sprechi e ai consumi inutili. Ci concentriamo invece sul valorizzare la forma e la funzione, sempre a vantaggio del progetto estetico.

CONTEMPORARY LIGHT VISIONS

Light establishes itself as a key element in design. It shapes itself with harmony and utility, responding to the needs of a rapidly changing world. LED is the soul of our solutions, the engine that makes them possible. It offers high light output and unparalleled energy efficiency. Thanks to LED, we say goodbye to waste and unnecessary consumption. Instead, we focus on enhancing form and function, always to the benefit of aesthetic design.

**PENSARE
STRATEGICO,
AGIRE
CREATIVO**

Ogni proposta GEA LUCE prende forma dall'esplorazione di nuove possibilità nel mondo dell'illuminazione. Lo scopo è quello di offrire soluzioni all'avanguardia che uniscono un'estetica attenta e ricercata a grandi performance tecniche. Il nostro approccio si basa sulla ricerca costante dell'evoluzione dello stile a cui si applicano le soluzioni tecnologiche più moderne, per creare prodotti belli e funzionali.

STRATEGIC THINKING, CREATIVE ACTION

Every GEA LUCE proposal takes shape from the exploration of new possibilities in the world of lighting. The aim is to offer cutting-edge solutions that combine attentive and exquisite aesthetics with great technical performance. Our approach is based on the constant search for the evolution of style to which the most modern technological solutions are applied, to create beautiful and functional products.

GEA LUCE vuole offrire soluzioni che, non solo rispondono alle richieste del presente, ma sono pronte ad affrontare le sfide del futuro: ambienti in continua evoluzione, tecnologie emergenti, nuovi stili di vita. Ogni prodotto è pensato per essere flessibile, durevole e integrabile in contesti diversi, con la capacità di adattarsi insieme alle trasformazioni dell'abitare contemporaneo. Perché per noi, illuminare significa anche anticipare il cambiamento. Scopri tutte le nostre proposte, chiedi i cataloghi o consulta il sito www.gealuce.com

FUTURE TAKES SHAPE

GEA LUCE aims to offer solutions that not only meet the demands of the present, but are ready to face the challenges of the future: changing environments, emerging technologies, new lifestyles. Each product is designed to be flexible, durable and integrable in different contexts, able to adapt to the transformations of contemporary living.

Because to us, lighting also means anticipating change. Discover all our proposals, ask for the catalogues or visit www.gealuce.com

The technical drawings illustrate the 'TAVOLA' dining table's dimensions and structure. The side elevation on the left shows a table with a maximum height of 3000 mm. The base has a total width of 1910 mm, divided into a 973 mm section on the left and an 800 mm section on the right. The table top is 46 mm thick. The central support structure has a height of 45 mm. The top-down view on the right shows a circular table with a diameter of 1910 mm. The base consists of four circular legs with diameters of 800 mm, 966 mm, and 600 mm. The overall height of the table is 1550 mm.

KRIZIA

Montatura in alluminio satinato bianco, nero o oro spazzolato.
Versione bianca disponibile in 4000K.
Diffusore in acrilico bianco opale.
Sorgente luminosa led dimmerabile a taglio di fase tramite dimmer esterno+push (non incluso). Dimmer compatibile (GDI002) disponibile a pag. 412.

Brushed gold, black or white satin-finish aluminium frame.
White version available in 4000K.
White opal acrylic diffuser.
Phase cut dimmable LED light source via external dimmer+push (not included).
Matching dimmer (GDI002) available on page 412.

AELA

La luce che traccia i confini della bellezza.
The light that traces the boundaries of beauty.

AELA SI CONNOTA PER ESSERE UNA SORGENTE LUMINOSA A BIEMMISSIONE. LA LUCE DIRETTA È EMESSA DALLA STRUTTURA PERIMETRALE IN ALLUMINIO VERSO IL BASSO. A QUESTA SI UNISCE LA LUCE INDIRETTA PROIETTATA VERSO IL SOFFITTO SEMPRE DALLA STRUTTURA PERIMETRALE, CREANDO UN EFFETTO DI SOSPENSIONE ACCENTUATO DAL SUPPORTO DEL CORPO CENTRALE VERNICIATO BIANCO.

AELA IS KNOWN FOR BEING A BI-EMISSION LIGHT SOURCE. DIRECT LIGHT IS EMITTED FROM THE ALUMINIUM PERIMETER STRUCTURE DOWNWARDS. THIS IS COMBINED WITH THE INDIRECT LIGHT PROJECTED TOWARDS THE CEILING BY THE PERIMETER STRUCTURE, CREATING A SUSPENSION EFFECT ACCENTUATED BY THE SUPPORT OF THE WHITE PAINTED CENTRAL BODY.

AELA

Montatura in alluminio satinato bianco, nero o oro spazzolato. Diffusore in metacrilato bianco opale. Possibilità di scegliere la temperatura della luce (3000°K o 4000°K) prima dell'installazione finale della plafoniera. MELANIA

Quando ad illuminare è un nucleo vitale.
A vibrant core of light.

DUE SEMPLICI
CIRCONFERENZE
INSCRITTE L'UNA
NELL'ALTRA: MELANIA
RAPPRESENTA
UN'INTUIZIONE
STILISTICA IN GRADO
DI ARRICCHIRE DI
SIGNIFICATO E STILE
L'AMBIENTE CHE LA
ACCOGLIE.

MELANIA FEATURES
TWO SIMPLE
CIRCUMFERENCES
INSCRIBED ONE
INSIDE THE OTHER,
REPRESENTING A
STYLISTIC INTUITION
CAPABLE OF ENHANCING
ANY SPACE WITH
MEANING AND STYLE.

MELANIA

Montatura in alluminio verniciato bianco.
Diffusore in metacrilato satinato bianco.
Sorgente luminosa led non dimmerabile.

White painted aluminium frame.
Satin white methacrylate diffuser.
Not dimmable LED light source.

LAMPADE IN VETRO GLASS LAMPS

OFELIA & OFELIA MINI

LA COLLEZIONE OFELIA SI RINNOVA ED EVOLVE: ORA DISPONIBILE CON VETRI IN DUE MISURE - OFELIA E OFELIA MINI - PER OFFRIRE LA MASSIMA LIBERTÀ COMPOSITIVA E UN IMPATTO ESTETICO SORPRENDENTE IN OGNI AMBIENTE. REALIZZATI CON UNA RAFFINATA LAVORAZIONE IN DOPPIO VETRO, I DIFFUSORI OFELIA SONO PROPOSTI IN TRE FORME ELEGANTI E OTTO FINITURE RICERCATE, DAL VETRO TRASPARENTE E COLORATO ALLE VERSIONI SPECCHiate IN RAME, CROMO E ORO, PASSANDO PER DELICATE TONALITÀ FUMÉ E LA NUOVA NUANCE AMBRA. GRAZIE AI VARI KIT OGNI LAMPADA PUÒ ESSERE COMBINATA CON ALTRE PER DAR VITA A CONFIGURAZIONI PERSONALIZZATE E SCENOGRAFICHE: DAL SINGOLO PUNTO LUCE ALLE INSTALLAZIONI MULTI LUCI, PENSATE PER VALORIZZARE OGNI SPAZIO CON STILE E LEGGEREZZA.

THE OFELIA COLLECTION IS RENEWED AND EVOLVES: NOW AVAILABLE WITH GLASS IN TWO SIZES - OFELIA AND OFELIA MINI - TO OFFER MAXIMUM COMPOSITIONAL FREEDOM AND A SURPRISING AESTHETIC IMPACT IN ANY ENVIRONMENT. REALISED IN A REFINED DOUBLE GLASS PROCESS, THE OFELIA DIFFUSERS ARE OFFERED IN THREE ELEGANT SHAPES AND EIGHT SOPHISTICATED FINISHES, FROM TRANSPARENT AND COLOURED GLASS TO MIRRORRED VERSIONS IN COPPER, CHROME AND GOLD, AS WELL AS DELICATE SMOKY SHADES AND THE NEW AMBER NUANCE. THE VARIOUS KITS ALLOW EACH LAMP TO BE COMBINED WITH OTHERS TO CREATE CUSTOMIZED AND SCENIC CONFIGURATIONS: FROM A SINGLE LIGHT POINT TO MULTI-LIGHT INSTALLATIONS, DESIGNED TO ENHANCE ANY SPACE WITH STYLE AND LEVITY.

OFELIA

**Originalità della tecnica realizzativa
per un design innovativo.**
An original manufacturing technique creates this
innovative design.

FORME ESSENZIALI, CARATTERIZZATE DALLA LAVORAZIONE DI DUE TIPI DI VETRO CHE SI AVVOGONO E RICOPRONO. UN DESIGN INNOVATIVO CHE CONVINCE ED ATTRAIE PER ORIGINALITÀ E TECNICA REALIZZATIVA. UN VETRO INTERNO SATINATO CHE DIFFONDE OMOGENEAMENTE LA LUCE, PROTETTO E RIVESTITO DA UN SECONDO VETRO TRASPARENTE, COLORATO TRASPARENTE O CON FINITURA SPECCHIO.

ESSENTIAL FORMS MADE FROM TWO TYPES OF GLASS THAT ENVELOP AND COVER EACH OTHER. AN INNOVATIVE DESIGN WITH CAPTIVATING ORIGINALITY AND TECHNICAL REALISATION. THE FROSTED INTERNAL GLASS EVENLY DIFFUSES THE LIGHT, PROTECTED AND COVERED BY A SECOND TRANSPARENT PANE, EITHER COLOURED TRANSPARENT OR WITH A MIRROR FINISH.

ACCESSORIO TECNICO

TECHNICAL ACCESSORY

DIMMER
Dimmer a taglio di fase per regolare l'intensità luminosa delle luci a 220V comandabile da un pulsante normalmente aperto. La funzione soft dimming garantisce un'accensione ed uno spegnimento fluido. Dotato di funzione di memoria. Può essere inserito in una piccola scatola di derivazione o in una scatola 503. Potenza massima collegabile 300W. Utilizzabile su tutte i prodotti dimmerabili del catalogo Gea Luce.

DIMMER
Phase-cut dimmer for adjusting the light intensity of 220V lights operated by a normally open button. The soft dimming function allows for smooth switching on and off. Featuring a memory function. Can be housed in a small junction box or a 503 box. Maximum power that can be connected 300W. Can be used on all dimmable products in the Gea Luce catalogue.
