LIGHTING

Hello,
nice to meet you
we are

LUTEC
CONNECTED BY LIGHTING

one **LUTEC**,
one **lighting** world

At **LUTEC** we want our smart lighting to provide a quality of light that everyone can enjoy, every day.

Reliability, ease and **accessibility** for the whole family are our priorities.

A choice of **remote control, mobile app control** or **switch control** means everyone can find their own way to enjoy our smart products.

Whatever the control method, we provide LED lamps which can beautify your home, create a comfortable ambience, or simply light up your daily activities. It's easy to adjust the intensity and colour temperature to find the right light for the moment.

the No Worry Technology

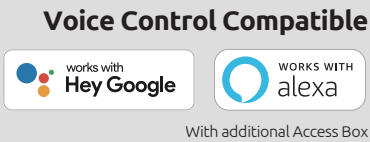

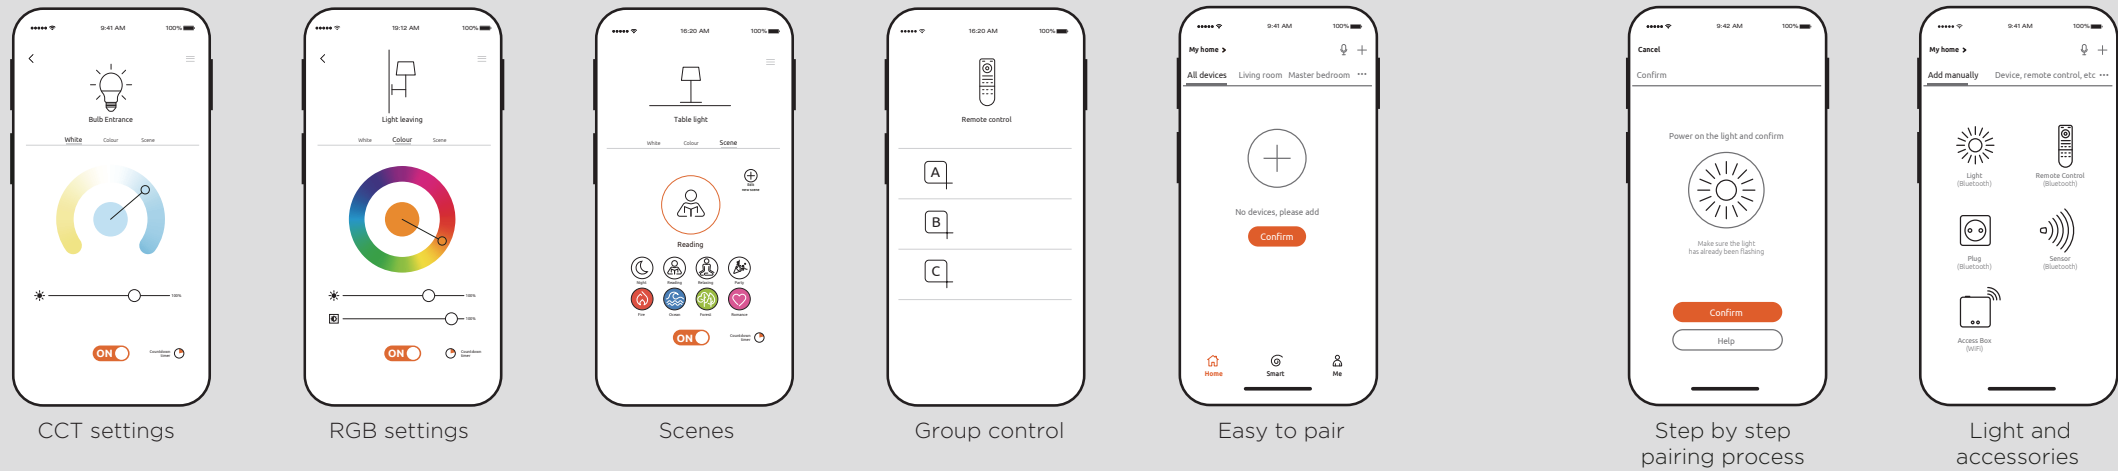

We offer an accessible, simple and reliable solution. No need to be a "geek" to install or use LUTEC connect.

- ✓ **Easy to set**
In 5 minutes, your account is created and you can use your first light
- ✓ **All the main functions without Internet access***
Thanks to Bluetooth Mesh, it will work without limitation
- ✓ **Fast & stable Bluetooth connection**
You can rely on this technology, it's simple so it's efficient at any time
- ✓ **Up to 100 lights connected**
No limitation, plug in as many lights as you need
No network saturation
- ✓ **Indoor & outdoor control**
Bluetooth MESH allows connection of indoor and outdoor lights.
- ✓ **Range up to 50 meters**
Stay in your sofa peacefully, and control all the lights
- ✓ **Safe and trustful**
No Cloud, no risk, all your personal data will be safe
- ✓ **Home family friendly solution**
The app could be shared to all family and a remote control is always near by
- ✓ **Connected or not connected, it's your choice**
All LUTEC connect products work perfectly even if you don't install the app !

the LUTEC connect app

For a full smart lighting experience

one app does it all !

Control every light
Inside or outside the house
Bluetooth Group control

You can add as many smart lighting devices as you want to one of the 3 groups (A-B-C).
I/O push button switches on-off all the lights of the same group.

why Bluetooth Mesh ?

Full scalability towards all your indoor and outdoor living spaces

Bluetooth technology, the global standard for wireless connectivity, now supports mesh networking

Easy & stable connection
Long range indoor & outdoor
Connect up to 100 devices

expand the experience

Add the WiFi LUTEC Connect Access Box to the Bluetooth mesh eco-system. Allows the connection of the Bluetooth mesh ecosystem with your Wifi router at home

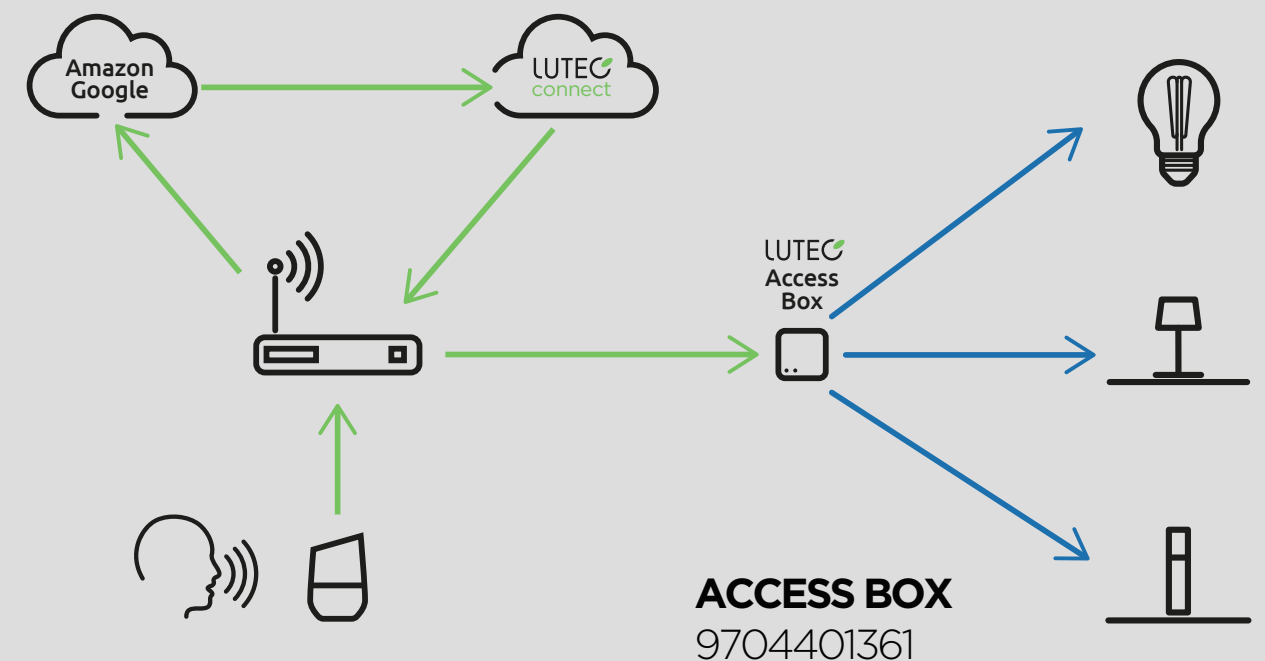

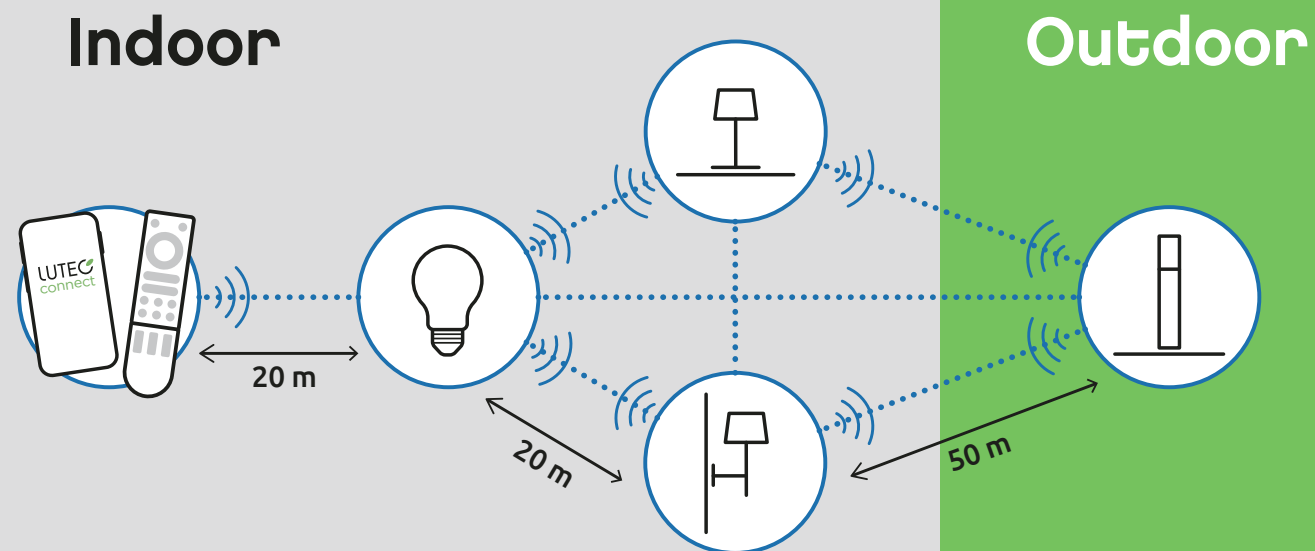

The complete LUTEC Connect lighting portfolio is Voice Control Compatible

Hey Google, turn on the light!

Alexa, change the light in blue!

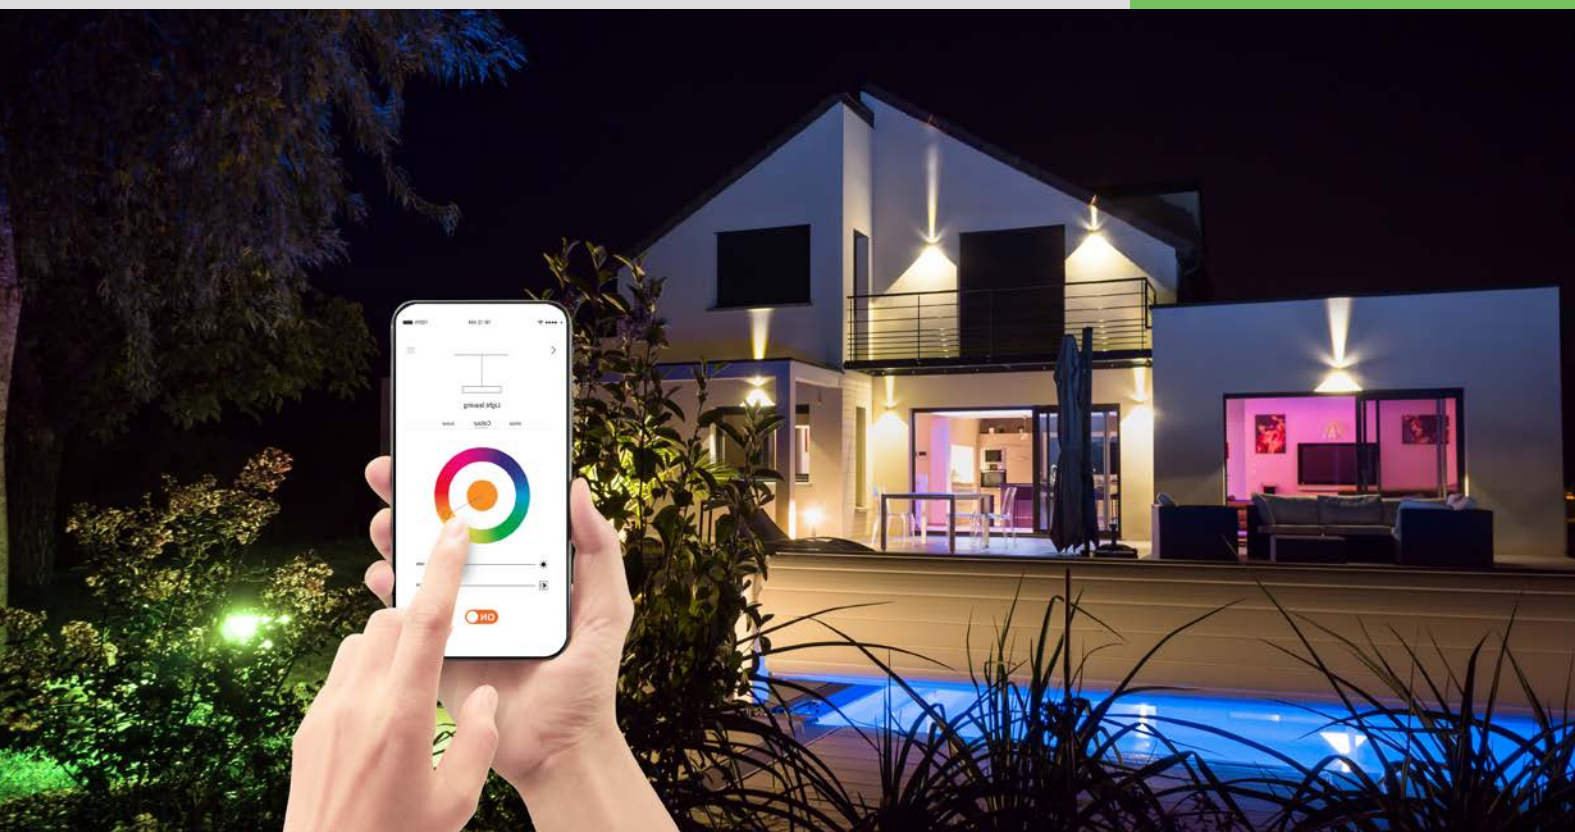

Via Cloud access you can control all the devices in your LUTEC Connect lighting network from anywhere out of home.

LUTEC SOLAR

Finally solar lighting becoming smart!

solar

connected

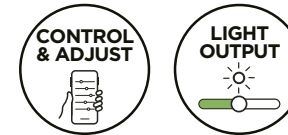

- ☑ Energy Saving
- ☑ Easy installation
no wires needed
- ☑ Higher lumen output
- ☑ Long life solar battery

- ☑ Easy to install,
connect and control
- ☑ Fast & Stable bluetooth
connection
- ☑ Lights are connected to each
other via Bluetooth Mesh
- ☑ Range up to 50m
- ☑ Adjustable light settings
- ☑ Control by smart phone
or motion sensor

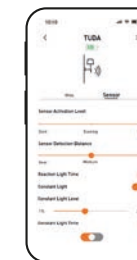

Control and adjust your SOLAR lights

Switch your lights on or off,
dim your lights, change the
temperature or the color
according to your mood.

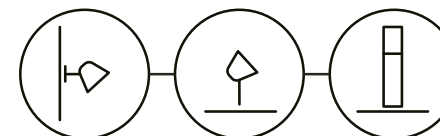

High tech Low energy

Easy to control solar lights
for better efficiency
and comfort.

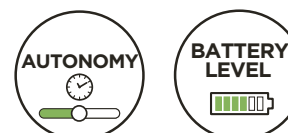

Create Groups For more convenience

Control all your lights at once!
Easy and fast set up, you can
add or delete any light from
the group.

Manage the battery life

Check the battery level at any
time. At low battery levels,
switch easily from ON to PIR
or OFF mode.

Control and adjust your SOLAR lights

With the LUTEC connect App you can switch your lights On/Off, dim or change the color temperature easily.

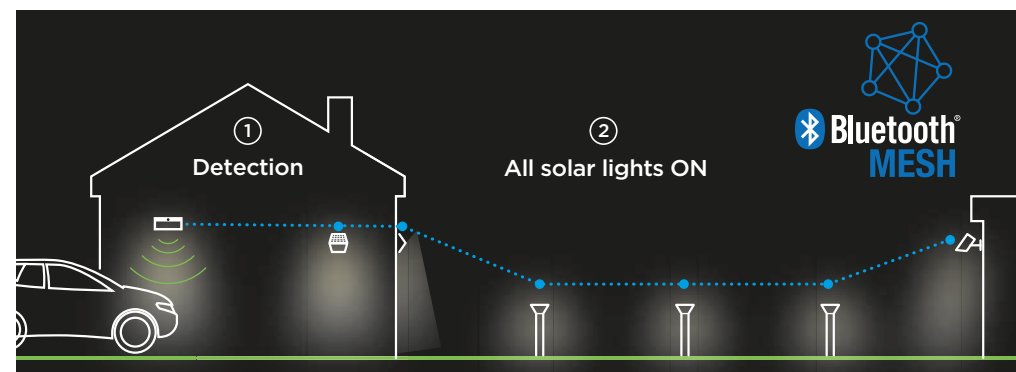

The led color feature available in either the bollard or spike, allows you to create your own personalised garden atmosphere, designing your outdoor space in style with colors or dedicated scenes.

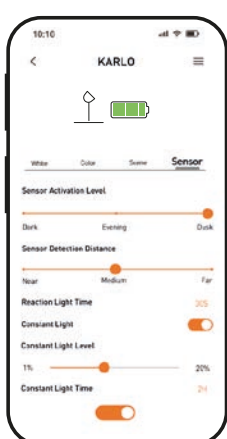

Create Groups For more convenience

From first detection at your driveway or path create a group which allows all lights to illuminate

Create a group with the Solar connect light through the App.
Thanks to Bluetooth MESH the lights can be easily linked and work simultaneously.

High tech Low energy

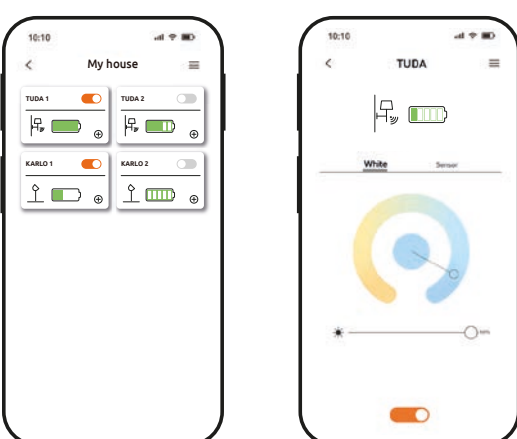

Within the application you can select OFF-AUTO-ON mode. Selecting AUTO mode activates the movement sensor, which enables the light to come on only when someone is passing and increases battery life from a single charge.

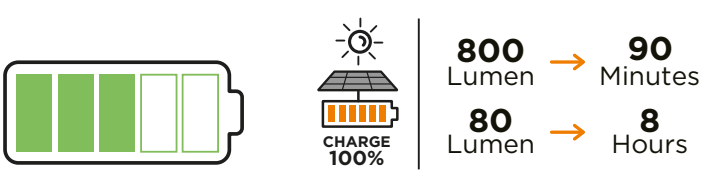

From the sensor menu you can :

- Activate the detection from near to the sensor to further away
- Set Twilight mode from dusk to dawn
- Choose light reaction time from 10 seconds to 3 minutes
- Constant light : Additional option to set your light output at 20% and also duration after detection from 2 to 8 hours.

Manage the battery life

This feature enables you to quickly check the battery level.
You can decide to increase or decrease the brightness or switch to AUTO mode or even Off, allowing full user control.

- ① Press **Log in**
- ② Enter your email address, and password, press **Log in**

Not connected is my choice *

If you want to use the light without app, please refer to this guide.

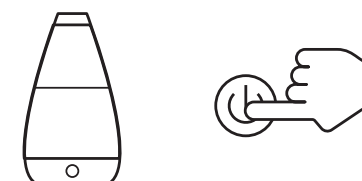

① Regular Light

After pulsing for **30 seconds**, switch off the lamp. The next time you switch it on, pairing mode (flickering) is cancelled. Back to pairing mode - 5 switch on/off

② Battery Light

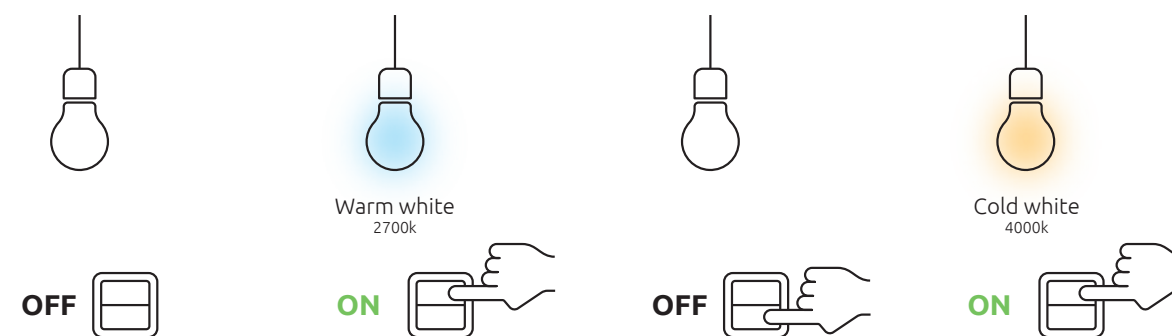

After pulsing for **10 seconds**, press the button, pairing mode (flickering) is cancelled. Back to pairing mode-press the button for 10s

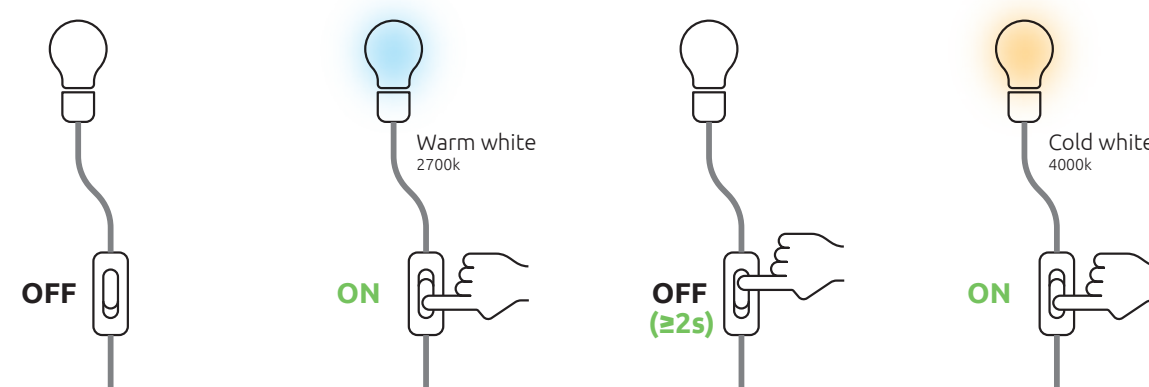

Already smart with your switch : 2 in 1 *

Already pre-set in all the light you can switch from a warm white colour temperature to a cold white with 2 clicks with any kind of switch. This allows to change easily your light ambiance depending your mood or your activity.

Wire Switch Light

Regular Light

* Not supported by Solar and security category

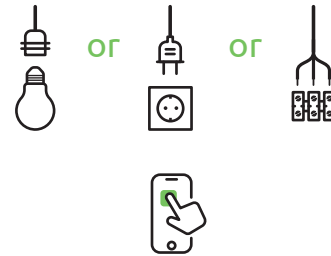

Pairing

First step

- 1 Make sure your Bluetooth is activated on your phone  

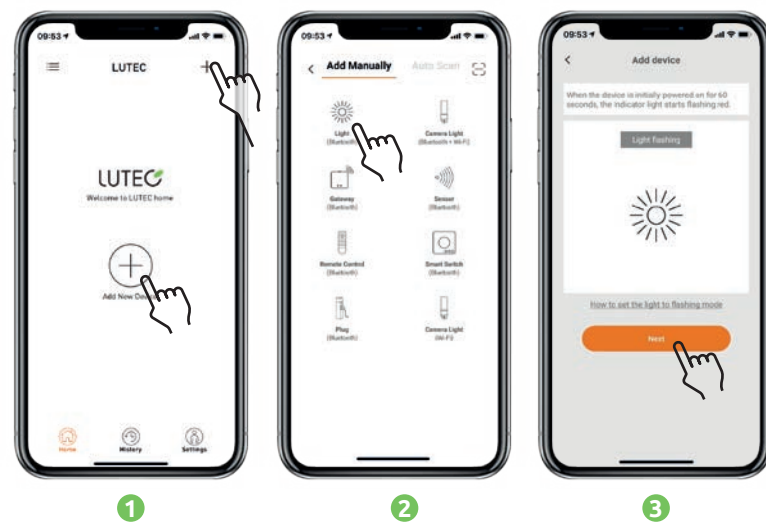

- 2 Plug on or install the light

- 2 Click on your application

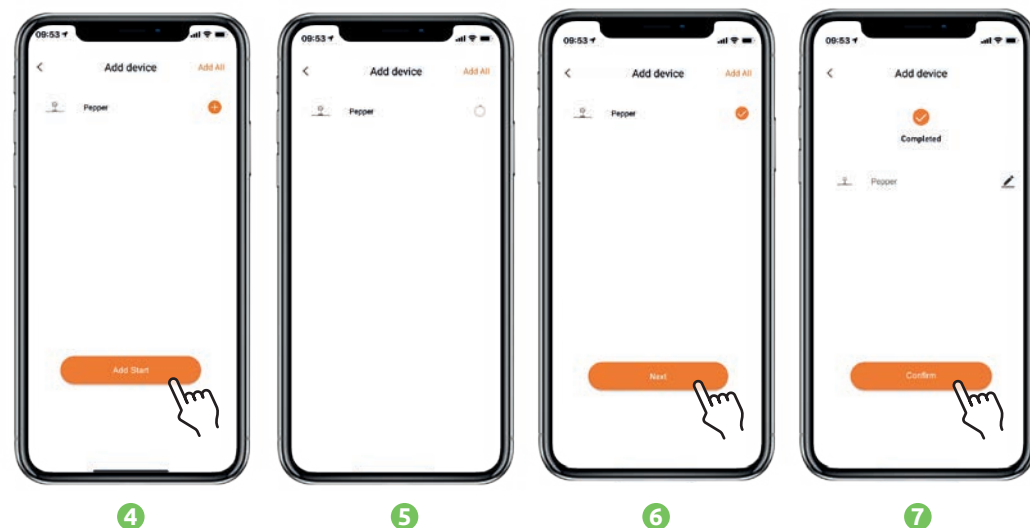

Your light is on - let's go

Lighting-Configuration

- 1 Press **Add New Device** or "+" to enter the configuration interface
- 2 Press **Lighting** (Bluetooth)
- 3 Make sure the light has already been flashing, press **Next**

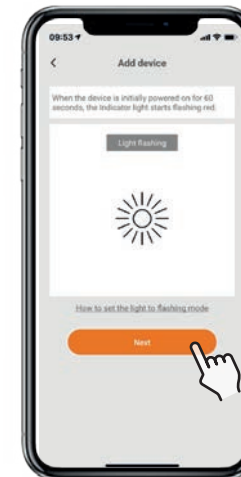

Notice: Please allow access to Bluetooth on your phone

- 4 Start searching device, find the device
- 5 Press **Add** Start when it shows up
- 6 Waiting for the configuration, and then press **Next**
- 7 Press **Confirm**

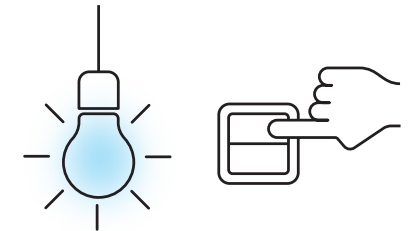

You don't find your light or device

How to make sure the light has already been flashing

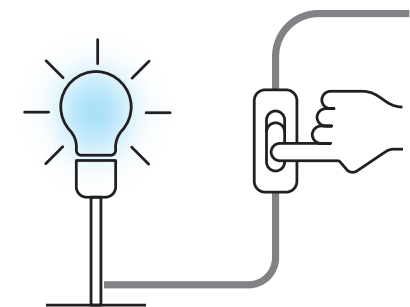

Regular Light

- 1 - Power OFF your lights
- 2 - Power cycle them 5 times
ON/OFF-ON/OFF-ON/OFF-ON/OFF-ON : every time stay off for more than 2s)
- 3 - Your light should be flashing in cool white

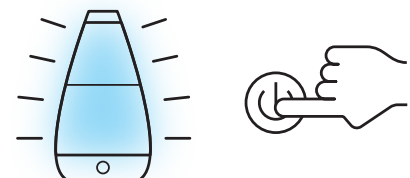

Wire Switch Light

- 1 - Power OFF your lights
- 2 - Power cycle them 5 times
ON/OFF-ON/OFF-ON/OFF-ON/OFF-ON : every time stay off for more than 2s)
- 3 - Your light should be flashing in cool white

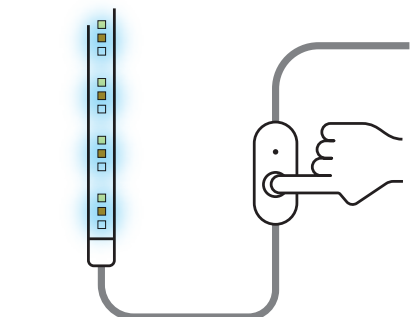

Battery Light

- 1 - Power ON your light
- 2 - Press ON/OFF button for 10s
- 3 - Your light should be flashing in cool white

Strip Light

- 1 - Power ON your light
- 2 - Press ON/OFF button for 10s
- 3 - Your light should be flashing in cool white

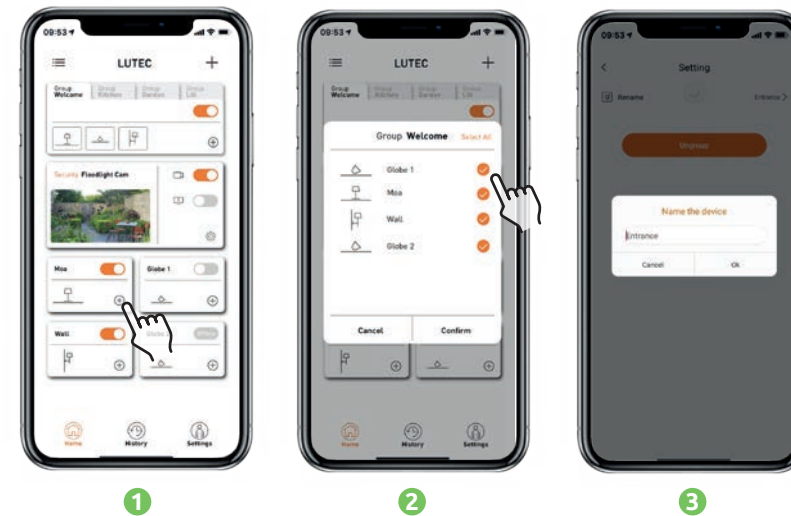

Lighting control - Main Interface

3 main settings / 3 different-screen : **White** - **Color** - **Scene**

How to group the devices?

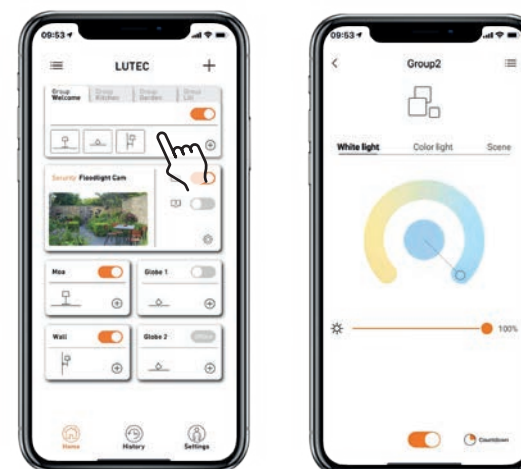

Press **+** button to add different devices into one group

- 1 Press on “+” from any product or existing group
- 2 Select the device(s) you want to add
- 3 Enter the group name, press **Ok**

Control groups

Press the group on Home Interface, you can access the group control interface.

As a single light control interface. Multiple devices can be controlled at the same time, such as change color temperature, color, brightness and scene.
