1. MISSION

To offer distribution and agency services on the highest level!

2.VISION

Lifting people's quality of life with light.

3. VALUES

Offering lasting quality, great design, energy efficiency and user-friendly functionality.

Distribution & Agency services on the highest level

Samba-Eliezer has over **40 years** of **experience** in the lighting industry and has very successfully nurtured a great team of people into experienced lighting specialists.

We are confident that we can draw on our wealth of knowledge and expertise to ensure we offer the very best complete lighting solution package for all interior and exterior design projects.

As **exclusive distributors** for a host of the top European manufacturers we are always able to advise and propose the very latest in energy saving technology together with fabulous new designs offering the wow factor for hotels and residential, funky yet functional office and display lighting in addition to feature lighting to enhance corporate identity. The lighting products range from indoor & outdoor luminaires, to luminaires for swimming pools, spa, road lighting, municipal lighting etc.

Moreover, our company has established the brand **UNIVERSE®** for **over a decade** in which is synonymous of high quality and cutting-edge technological products.

Universe's widespread range varies from energy saving LED bulbs to LED strips & LED lighting fixtures, as well as electrical & household appliances.

Our strengths are meeting **budget restraints with quality and style** to meet your needs and add that special edge to designers' projects. Samba Eliezer has sales network in Greece, Cyprus, Israel, Turkey & in the Balkan countries.

**SAMBA-ELIEZER
IS YOUR
"ONE STOP SHOP"
FOR ALL LIGHTING
REQUIREMENTS!**

SLIM 48V SAFE VOLTAGE MODULAR MAGNETIC TRACK LIGHT SYSTEM

Offers a range of rail slot accessories to accommodate a 48V rail input in any space or furniture arrangement. When paired with magnetic light units, a variety of lighting options can be achieved effortlessly.

A more structured method for achieving lighting effects in a space is now possible. Different types of lighting, such as key lighting, wall washing lighting, area task lighting, and even indirect lighting, can all be easily achieved.

PATENT Anti Detachment Design

ENABLE TRANSITION

When turned on, the buckle tightly locks the lamp, effectively preventing it from falling off.

LOCKED ROTATING STATE

Press the unlock button with your fingers, the buckle retracts inward, and the lamp can be easily removed.

Cube series

The cube series is a range of track spot light with high specifications.

The cube series uses OSRAM Led chip, branded driver and CRI>90 colour rendering index.

The Unified Glare Rating is UGR<16.
